

Welcome to the ARAG family!

We are so excited to have you working with us. Throughout the interview process, we were searching for someone who would be the perfect fit for helping us promote ARAG's values – and you were it.

We do our best here to provide the greatest service possible to our members, while continually innovating and staying at the forefront of the legal insurance industry. In your first few weeks you'll learn about ARAG's core beliefs and goals for the future – and how you can contribute to the company's continued success. You'll see these values everywhere – in words and actions – so I encourage you to consider how you and your role can make an impact.

Here at ARAG, every team member is instrumental to our success, whether they've worked here for 20 years or two weeks. I'm looking forward to seeing you grow and develop in your role and I hope you find it to be rewarding.

We're glad you chose ARAG and I look forward to working with you!

Sincerely,

David Murray
President and Chief Executive Officer
